

Below are suggested social media messages to post via your organization's accounts the week before and during the Raccoon ORV Baiting which will occur from August 4th - 11th. Putting the word out there will help us tremendously. Thank you for your continued cooperation!

Facebook/Nextdoor/other social media without character limits:

August 4th-11th the Allegheny County Health Department distributes raccoon rabies vaccine baits across the County. For more info: <http://www.achd.net/raccoon/>

The Allegheny County Health Department distributes raccoon rabies vaccine baits across the County to reduce the risk of a human case of rabies. For more info: <http://www.achd.net/raccoon/>

To reduce risk of a human case of rabies, the Allegheny County Health Department distributes vaccine baits throughout all areas of Allegheny County. Please keep your dogs on leashes from August 4th - 16th so that the raccoons eat the baits instead of your pups. For more info: <http://www.achd.net/raccoon/>
