Spring giveaways are here!

In order to regrow canopy and improve our urban forest, Tree Pittsburgh will be giving away 4,000 trees to residents in Allegheny County in between Fall 2019 - Fall 2020! These trees will help increase canopy cover to areas with significant canopy loss and ensure that Allegheny County's urban forest continues to grow.

Register today to receive a tree (up to 2 per household) at one of the following locations:

April 3: [Point Breeze/Shadyside](#)

April 10: [Oakland/Hill District](#)

April 17: [Squirrel Hill](#)

April 18: [FutureFest 2020](#)

April 25: [Baldwin/Brentwood/Whitehall/Pleasant Hills](#)

While the trees are provided at no cost, we do ask that you register in advance to secure your tree.

Possible species may include some of the following:

Small trees such as: [serviceberry](#), [kousa dogwood](#), [red buckeye](#), [paw paw](#) (must take 2 paw paws)

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

Large trees such as: [Eastern redcedar](#) and a variety of oaks (one example: [chinkapin oak](#))

Upon pick-up, trees will be in 2 gallon containers and will range from 2-7 feet tall. Trees will fit in a car/truck, we've even seen people bike home with them!

Not sure what tree will work best for your yard? Check out the Arbor Day Foundation's [Right Tree, Right Place](#).
